Subpart L Waiver - Approval Letter 2-5-90.pdf

Kristine,

I searched through our archives and could not locate the requested implementation statements. I did find the attached EPA Subpart L waiver approval letter dated February 5, 1990. JCDH did not locate the implementation statements letter either.

Hopefully document this will be helpful to you.

Charles

Subject: follow-up on outstanding documents

Hi Charles,

I wanted to follow up with you on the request we made during the on-site inspection back in September on

Appendix CAA N

implementation statements for 40 CFR 61 Subpart L and V. Can you provide us with a status of this request and when we should expect to receive it?

I know you had mentioned during the inspection that these records were located in archives. If you are unable to provide us the implementation statements, please let us know, as well.

Thanks,
